Hi Lorena,

Were you able to verify or shed some light on the fuel consumption?

Carter and Lorena,

Just wanted to clarify a few things:

- *Annual Fuel Consumption:* 4,293 gallons for 2 trolleys
- *Annual Miles Driven:* 1,431
- *Average Fuel Efficiency:* 3 mpg

1,431 miles / 3 mpg = 477 gallons. This doesn't particularly jive with the 2,146 gallons per year number (per vehicle). Is there a lot of idling?

Are all of the gallons reference propane gallons?

Thanks,
Matt
